Sissy Bars for Rigid Frames

Give your scooter the finishing touch with these sissy bars for rigid frames. Manufactured from 1/2"-diameter cold-rolled steel bar stock. After being bent and polished, they're plated with a show chrome finish. Two versions are available for use with either Fat Bob or flat fenders. #09623 is approximately 27" in overall height and for use with Fat Bob rear fenders. #09624 measures 13" from the bottom mounts to the fender brace, then 14" from fender brace to tip of sissy bar for an overall height of 27". Measures 10" wide at the bottom mounts and 8 1/2" wide at the fender brace. Top 3" of sissy bar tip is bent back for a cool look.

These sissy bars work great on Triumph rigid choppers as well as H/D's.

- 09623** For use with custom Fat Bob fenders. . \$99.99
- 09624** For use with custom flat fenders..... \$99.99

The 'Solo' Saddlebag

Why throw a set of oversized, ugly lookin' saddlebags on your precious ride when all ya need is a place to stash a few essentials now and then? This American crafted "Solo-bag" straps onto the left side of any rigid or custom Softtail model using 4 heavy-duty buckled straps. Cut to hug the lines of the frame and incorporating a reinforced backing, the "Solo-bag" keeps its shape with no saddlebag support bracket required. Handmade from heavyweight cowhide and sewn with contrasting white stitching, the "Solo-bag" measures 10" wide, 14" high at the front, 7" high at the rear and is 4" deep. Heavy-duty straps with roller buckles hold the formed top piece snugly in place. This is the ultimate bag for retro's, rigids and custom Softtails! Available in black or our brand new red version that matches our red solo seats, kick pedals, grips & floorboard mats... way cool Bro, way cool!

- 200179** Black 'Solo' Saddlebag..... \$119.99
- 200178** Red 'Solo' Saddlebag \$129.99
